

Proppa Industries Manufacturing

READY MIX PUTTY FILLER

(Proppa Paints)

Description

READY MIX PUTTY FILLER is an economical ready to use filler that has an excellent coverage and application properties. Its high-quality filling properties has made it ideal for use on all types of interior masonry surfaces. It provides a smooth base for all application of all decorative products.

Pack Size

4L / 10L / 20L

Color Range

White

Properties

Pigment: lightfast
Non lead pigments Binder: PVA-Polymer
Solvent: water

Drying Time

Surface dry: 1 hour Recoating: 2-3 hours
Dry to handle: 2-3 hours
"Depending on weather conditions"

Thickness

Wet: 200-250 micrometers
Dry: 90-110 micrometers

Coverage

It depends on many factors like surface condition, surface preparation, application skill, weather conditions, etc.

Application

Knife, Roller

Thinning

Ready to use.

Shelf Life

18 months from the date of manufacturing (**unopened**). Normal storage avoids frost & excessive heat

Preparation

Allow all new surfaces to dry out completely. Remove all loose or defective paint or powdery residues by thorough brushing and scraping using a stiff fiber brush. Where appropriate, the surface should be rubbed down using a suitable abrasive paper and dusted off. New or bare surface must be clean, dry and free from masonry salts. Remove all defective or poorly adhering material by rubbing down using a suitable abrasive paper or stiff brush and dust off. Treat any area affected by mold, lichens, algae or moss with bleach. Fill the surface with it. Allow it to dry and apply second coat. Third coat is recommended for extra smoothness. After drying scuff surface using abrasive paper and dust off.

Safety, Health & Environment Information

- Keep container tightly closed
- Keep out of reach of children
- In case of contact with eyes, rinse immediately with water and seek medical assistance
- Protect the product from extreme temperatures. To remove splashes of paint from skin, use soap.
